VARIETIES (AND VOLUMES % OF EACH IF POSSIBLE)	Full orchard blend (predominantly Harry Masters Jersey, Dabinett, Yarlinton Mill, Sheeps Snout, Browns, Newton Wonder, Kingston Black)
INFORMATION ABOUT THESE VARIETIES (WHY USED)	A full orchard blend from Lydia's favourite orchard in the whole world. Filled with not only amazing old apple trees, this wild space has ancient and veteran oaks and an amazing abundance of bird life. It is quite simply a joy to harvest from so we decided to try to bottle the whole orchard in celebration of this wonderful place and its unique terroir.
VINTAGE	2020
INFORMATION ON THE GROWING SEASON	A very wet start to the year was followed by a very warm and sunny Spring which brought good pollination, however a Summer heatwave combined with fairly dull conditions over Summer may have stressed the trees as our initial gravity readings on pressing were a fraction lower than usual. The days during harvest itself were quite mixed, with lots of both heavy rain and sunshine.
